Socratic Circle Wednesday, September 25th, 6-7pm

There is a vast array of media outlets, political talking heads, social media forums, and mass-market paraphernalia that claim to know what you should know, how you should think about it, how you should live, and what the best things are for you. How does this affect our concept of truth, what is right or wrong, or whether we can trust any bit of information that comes through our screens and pages? **What exactly is the role of the media in our lives?** Let's hash it out.

Book Club Interest Meeting Monday, September 30th, 5-6pm
